LB 109, 109A

improve our facilities. We have got a situation where over the past two years we have gained over a million visitors and this bill is an attempt to alleviate that problem. If the Legislature would like to appropriate the same amount of money through general funding, that is fine but I don't think that is going to happen. This bill will provide the necessary funds. I think we have discussed it enough. Mr. President, I would move the advancement of the bill.
